MOTO GUZZI ELDORADO

ELDORADO IS THE MODERN AND LUXURIOUS INTERPRETATION OF THE UNFORGETTABLE 850 THAT MADE ITS FORTUNE IN THE STATES.

The new Moto Guzzi ELDORADO presents the excellent technical basis of Touring which has had great success and renews its cruise soul adding forms and contents that go back to the tradition and class of the 850.

The chromed parts, the shape of the handlebar, the oversized saddle, the line of the rear mudguard with the gem-shaped taillight, characterize this model and project it into the market as a reference for those who live the cruise tourism as hedonistic expression.

The accessories range developed for Moto Guzzi Eldorado, therefore, refers to the desire to make this bike even more beautiful and luxurious, a bike made to be admired.
