## Live the dirt bike life

With Yamaha, winning is easy, it's how you do it that really counts. Yamaha is a legendary creator of dirt bikes, engineering motocrossers and enduro bikes that continue to set performance standards.

Beyond all the success there's that special Yamaha feeling, that interaction between man and machine, a feeling for riding fun. Dirt bike riding isn't just something you do, it's something you live. That's why Yamaha puts so much effort into creating a range of high-grade bolt-on parts, riding kit and casual wear that fits the Yamaha ethos of quality and style. Our genuine accessories feature the same build quality as our motocross and enduro machines, so when you fit Yamaha bolt-ons you know you can totally trust them.

On the bike, Yamaha motocross/enduro jerseys, pants, boots and gloves offer great protection. Off the bike, our T-shirts, hoodies and caps just look great. Find out more from your local dealer or check [www.yamaha-motor-acc.com](http://www.yamaha-motor-acc.com)

### UNIVERSAL GRAPHIC AND SEAT COVER SET

Our Universal Graphic and Seat Cover Set comes complete with everything you need to give your Yamaha the genuine 'Pro' look! Finished in a stylish red/black/blue design, the set includes tank/shroud graphics, swingarm/fender graphics and a seat cover. What's really clever about the Yamaha Universal Graphic and Seat Cover Set is that it is designed to fit a whole range of YZF, YZ and WR models from '98 - '05. On the surface of the tank/shroud graphics there's a transparent colour-coded stencil for each model - all you need to do is cut them to suit your bike, remove the stencil and they're ready to fit! The seat cover and fender/swingarm are designed to be applied straight from the box. Available as a complete set of three, as well as individually.

### RADIATOR GUARDS

The best way to protect your bikes cooling system from accidental damage is by fitting our Radiator guards. The intelligent and lightweight design helps to prevent your radiators from being bent backwards or crushed by side impacts. The cooling capacity of your machine remains stable as the flow of air is not affected by mounting these guards.

## The Yamalube® difference

At Yamaha, we believe the oil is as integral a part of the engine as any other. So critical, in fact, that we design our engines' design and performance specification based on the oil they will use. By synchronising the development of Yamalube® with the machines it's engineered for, we've delivered high-quality genuine oils recognised by many of today's riders as the perfect match for the power of their Yamaha. We carefully select the base oil and additives best suited for purpose, then rigorously test our oils to ensure a good affinity with the

Yamaha unit to bring out its fullest potential. Our dedication to the Yamalube® Product Range ensures we can give full support to the differing technical specifications and performance demands of each individual country – matching engine and oil for maximum performance every time.

### THE OIL OF CHAMPIONS

With a legendary reputation built on countless racing victories, you can trust Yamaha to deliver 'Quality Before Anything'. And our oils are no different. Our

commitment to providing the finest oil for your Yamaha has created Yamalube® – a range of oils precisely formulated to suit the unique conditions facing your engine, from the very same team who engineered it. Extensively tested and proven in the lab and the field, Yamalube® performance oils safeguard your engine while keeping it performing to its peak. Truly the oil of champions, it's the only choice for your Yamaha. Why trust your engine to anything less?
